Reasons for Allowance

The following is an examiner's statement of reasons for allowance: the invention relates to hydrogenation of alcohols, which is a selective combination of two known processes wherein the novelty is in using different amounts of water. Selective combination of known processes is deemed obvious under *In re Mostovych*, 144 USPQ 38 (CCPA, 1964). However, the instant process shows unexpected result by improved yield of the product: 87-91% instead of 50% by the prior arts. See the examples.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Taofiq A. Solola, PhD. JD., whose telephone number is (571) 272-0709.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Janet Andres, can be reached on (571) 272-0867. The fax phone number for this Group is (571) 273-8300.

Any inquiry of a general nature or relating to the status of this application or proceeding should be directed to the Group receptionist whose telephone number is (571) 272-1600.
